

# The New Age Of Land Management

**American**  
Land Consultants

## OIL & GAS

### WHO WE ARE

ALC and its team is at the forefront of providing top notch land and utility right-of-way services. We offer reliable expertise and experience at a cost-effective price. Our goal is to separate ourselves from our competition by providing detailed results tailored to your specific project's needs.

ALC is a leader in providing professional land services and project management to the E&P industry. ALC specializes in determining mineral ownership and acquiring leases to provide clients with the legal right to develop energy resources.
